Ashley, excellent report! The attention, creativity and quick response by You, Graham Fraser and the rest of the VMS team is to be commended. For myself and speaking on behalf of the Omaha District team members, we are very pleased with the outcome.

I am looking forward to working with you and VMS in the future.

Please share this with Robert Stewart and Terry Hays.

Ashley if you or other VMS staff have any questions concerning this project or just in general please do not hesitate to contact me.

THANKS FOR YOUR TIME!
